

The Summer Issue – Bring the sun & heat!

Self Reflection – What did you do this year?

Instagram – A few pics & sign up

Winners – From English Week

Final Photos – A look back

Editor's Note

Congratulations! Exams are over and school has finished (for the time being). We have a little time over the summer period to relax, take a moment, do something new, hang out with friends, or try out something that is completely different.

Summer really is a fantastic time to recharge your batteries, take up a new hobby, or catch up on those things you don't have time to do during school. Summer is also the perfect time for some reflection, taking a look back, seeing what you have done, looking at how you can improve, and how to become a better you.

During this SPSS Newsletter, let's reflect and take a look back. We've had an interesting year, and there is plenty to build upon as we move forwards. First up, take a look at this mind map. Anything you can think of adding?

WINNERS!

For the English Week 'Junior Form Inter-class Poster Design Competition', the topic was Our Environment. In particular, Reduce, Reuse, and Recycle. Here are the winners...

The English Week Library Workshop also ran a competition. Students were invited to design a 'Bag for Life' using colours, English, and creativity. Here are some of the inspiring and colourful designs – well done to everybody that took part.
